

TOTSPOT

The CPR³ Device for Tots

TotSpot is designed to meet the unique developmental and educational needs of primary learners.

Totspots are hot for tots!

TotSpot, a purpose-driven device, is pre-configured with your selected apps to help promote early learning for toddlers, preschoolers, and all primary learners. But the TotSpot isn't just for tots; it can be preloaded with parental apps to connect parents to resources too.

TotSpot provides an all-in-one solution for young learners.

TotSpot

- Easy for young children to carry & use
- Promotes early learning skills, helping with basic concepts such as shapes, colors, numbers, & letters
- Builds basic literacy skills such as letter recognition, phonics, & sight word recognition
- Develops hand-eye coordination & fine motor skills by swiping, tapping, & pinching the screen
- Fosters creativity with drawing & coloring apps, digital storybooks, & music apps
- Increases parent & child engagement to strengthen relationships & improves outcomes

What's Included:

- Tablet & home charger
- Customized & preloaded with your desired apps, resources, & other content
- CPR³ Set-up, 2-year software license*, management portal & training
- Rugged carrying case with handle & screen protector
- Education-grade content filtering
