# CPR³ Department of Corrections Battle Card

**PREMIER WIRELESS**™

## Solution Overview

The CPR³ solution is a fully managed purpose-driven device that includes voice activation. The CPR³ device is custom-built for parolees to provide access to key resources at the tap of an icon. Program administrators can remotely add, update, or remove apps for community programs, health, nutrition, housing, and other resources. The core of this solution is a smart device outfitted with a rugged case and screen protector that provides access to critical resources and unlimited internet access for vulnerable parolees. The CPR³ is a complete turn-key solution that includes white glove setup and ongoing support.

## Solution Benefit

Parolees are re-entering society at a vulnerable point in their lives, leaving them bereft of valuable resources. Without an easily accessible WiFi and LTE capable device, they are losing opportunities to submit applications for housing programs, employment, and more. Not only are parolees without reliable internet access, they lack transportation and/or knowledge of transportation services. The CPR³ solution allows program administrators to remotely manage apps and weblinks on all smart devices registered.

### CPR³
### Connecting People to Resources

Food · Legal · Health · Job Search · Crisis Hotline

{Your Logo Here}

Phone · Messages · Internet · Calendar · Transportation

1. **Hand-Held, Body-Worn Computer**
2. **Unlimited Communication (voice, data, text & hotspot)**
3. **Instant Access to Resources**

## Qualifying Questions

- What are the ways your community or organization supports parolees?
- How do your parolees access key resources today?
- How do you keep your clients updated with newly available resources?
- How does digital access or work experience affect employment in your area?

## Why Do We Win?

- We have over 25 years of experience providing technology solutions
- Providing reliable WiFi/LTE connection for vulnerable populations
- Mainstreaming access to valuable resources
- Remote management software for updating/adding/removing apps and links
- Premier Wireless all-inclusive White Glove service

## Hot Topics & Challenges

- How to access internet connectivity in underserved communities
- Decreasing recidivism (or re-entry) rates
- How to find what resources are available in my community
- How to provide better service to our community
- Addressing gaps in a community created by a lack of technology and connectivity

## Targeted POCs:

Dept of Corrections Liaisons
- Program Directors
- IT Directors
- Deputy Program Director
