

# CPR<sup>3</sup> Higher Education Battle Card

## Solution Overview

The CPR<sup>3</sup> Solution is a fully manageable purpose-driven device powered by T-Mobile 5G. The core of this solution is 5G smart device custom-built to provide access to local critical resources at the tap of an icon. It also includes the CPR<sup>3</sup> Software & Management Portal making it easy for administrators to add, update, or remove apps for academic programs, health, nutrition, housing, and other resources. The CPR<sup>3</sup> is a turn-key solution that includes white glove setup and ongoing support.

## Solution Benefit

Homelessness among students has become an increasingly visible problem in higher education. Providing students with dependable access to school resources and course materials through technology promotes a more equitable learning experience. Providing smart devices for at-risk higher education students enables them to attend school and fully participate in school activities. Premier's CPR<sup>3</sup> solution includes a purpose-driven device customized to give your students access to critical resources and help keep them engaged with school. With T-Mobile's 5G network, the CPR<sup>3</sup> solution empowers students to complete their coursework anywhere from the palm of their hand as well as access resources for food, housing, health and more from their fingertips.

## Qualifying Questions

- What are the different ways your college/university is trying to create an equitable learning environment for all?
- What percentage of your student population is homeless or at-risk for homelessness?
- How do you keep those students engaged in studies outside of school?
- How do your homeless students access key resources today?

## Why Do We Win?

- We have over 25 years of experience meeting the needs of districts, colleges, universities, and students
- Improves student retention, academic results, health & safety
- Customizable folders/links designed for each campus
- T-Mobile's 5G network
- T-Mobile's Unlimited Data plan
- Low total cost of ownership
- Unlimited CIPA filtered 5G internet access
- Premier Wireless White Glove service

## Hot Topics & Challenges

- Campus safety concerns
- Internet Access Equity
- Remote or hybrid learning
- Maintaining and increasing student retention/enrollment
- Includes rugged case & screen protector to safeguard your investment
- Through the CPR<sup>3</sup> Software & Management Portal, icons can be an individual app, a link to a web page or a folder containing multiple apps and web links

## Targeted POCs:

- Deans/Assistant Deans
- Curriculum Directors
- Transportation Directors
- Director of Operations
- IT Directors
