

Solution Overview

The CPR³ Solution is a fully manageable purpose driven device that includes voice activation. The CPR³ is custom-built for clients experiencing homelessness to provide access to key resources at the tap of an icon. Program administrators can remotely add, update, or remove apps for community programs, health, nutrition, housing, and other resources. The core of this solution is a smart device outfitted with a rugged case and screen protector that provides access to critical resources and unlimited internet access for vulnerable people. The CPR³ is a complete turn-key solution that includes white glove setup and ongoing support.

Solution Benefit

Recovering from homelessness is a difficult transition process that requires 360 degree support. Homeless Liasons are tasked with providing an easily accessible channel of communication to keep clients informed of resources and opportunities. Without reliable internet access and smart devices, people experiencing homelessness have a harder time managing important applications and documents. That is why is our Premier CPR³ solution provides vulnerable populations a shortcut to independence at their fingertips.
