

CPR³ Housing Authority Battle Card

Solution Overview

The CPR³ Solution is a fully manageable purpose-driven device that is custom-built for organizations to provide access to key resources at the tap of an icon. The CPR³ software makes it easy for Housing Authority administrators to remotely add, update, or remove resources for community services, healthcare, nutrition, employment, and other critical information. The core of this solution is a smart phone outfitted with a rugged case and screen protector that provides unlimited communication and unlimited internet access for residents and staff. The CPR³ is a turn-key solution that includes white glove setup and ongoing support.

Solution Benefit

Many families face daily challenges to find basic needs like food, healthcare, safety, employment, and more. Without internet access, text, voice calls or email, these families struggle to connect with the resources they desperately need. Premier's CPR³ solution includes a purpose-driven device customized to give residents access to critical resources and help keep them connected. The CPR³ provides residents with access and equity, empowering them to secure employment, find childcare, attend school online, access telehealth and ultimately gain independence that will improve their lives and the lives of their family, ending their cycle of dependency.

Qualifying Questions

- What challenges are your residents facing today accessing critical resources?
- What challenges do you have communicating resources & information with residents?
- How would access to technology remove barriers for residents seeking independence?
- How is your agency helping to provide consistent & reliable internet access?

Why Do We Win?

- Provides an innovative, all-in-one solution with unlimited talk, text & data with unlimited family hotspot for up to 8 other devices
- Provides immediate access to critical resources & information for employment, healthcare, education, childcare, community services & more.
- Ease & simplicity of use
- CPR³ Software & Management Portal with ongoing support to manage updates as requested
