BRIDGING THE GAP TO SELF-SUFFICIENCY FROM GOVERNMENT HOUSING

Premier's CPR³ Solution is a game-changer for families in government housing. It addresses critical needs like food, healthcare, employment, education, and community services, empowering residents to develop skills and secure better opportunities. **CPR³** ensures reliable communication and connectivity for the whole family, supporting their journey toward self-sufficiency and a successful transition from government-subsidized housing.

WE CAN HELP.

THE CPR³ SOLUTION: A Convenient, Handheld Solution for Connecting People to Resources.

Unlimited Communication

- Provides access to resources such as food & shelter, employment, education, healthcare, mental health & other critical resources
- Ensures consistent, reliable 24x7 voice & text communication with family & friends, reducing isolation

Unlimited Internet Access

- Pre-loaded apps and weblinks reduce stress, providing the information they need at their fingertips
- Includes unlimited on-screen internet access, plus a hotspot

CPR³ Device, Software & Management Portal

- The **CPR³** device is the most portable, easy-to-use handheld computer, perfect for everyone at all tech levels
- The **CPR³** software streamlines the process to remotely pre-load applications and weblinks
- CIPA filtering available upon request
