SilverSpot Battle Card

PREMIER WIRELESS™

Solution Overview

The SilverSpot is a tablet-based solution that provides seniors with access to vaulable apps and resources, helping them stay connected. Our solution utlizes the ease of use of a tablet and expansive resource access via apps and weblinks. Program administrators can remotely add, update, or remove apps for transportation, telehealth, nutrition, and other more. The SilverSpot is a complete solution for a digital age and includes white glove service to provide optimal care to your clients.

Solution Benefit

Our seniors require special attention and care but are not completely devoid of independence, they just need assistance. Seniors can now easily and directly access critical resources such as telehealth services via our SilverSpot solution. The SilverSpot allows caretakers and program administrators to pre-load the device with senior-focused transportation apps to increase their mobility. Our tablet-based solution offers online games to combat dementia and increase memory skills. The SilverSpot is user-friendly and increases confidence among seniors to use today's technology.
