TotSpot **Battle Card**

PREMIER WIRELESS™

Solution Overview

The TotSpot is a tablet-based solution that provides primary learners with access to vau013ble apps and resources to enhance their learning experience. Our purpose-driven solution is designed to help build digital skills for toddlers and preschoolers. Program administrators can remotely add, update, or remove apps for learning games, health, nutrition, and other more. The TotSpot is a complete solution for a digital age and includes Premier white glove service.

Solution Benefit

As school systems adapt and become more reliant on digital classrooms or hybrid learning environments, our early learners rely on technology more than ever. Our tablet-based solution can be easily pre-loaded with apps and weblinks that fit the needs of our early learners and parental apps for to connect their parents to vital resources. The touchscreen allows preschoolers to practice digitally tracing letters and numbers and assist language development. A rugged carrying case and thick handle are included to protect your investment and guarantee longevity. The TotSpot provides safe internet access via our CPR^3 Software and Management Portal.

Premier Wireless TotSpot

Qualifying Questions

- How do you utilize technology in the classroom?
- What challenges do you face with early learner language skills?
- How do you guarantee childsafe internet access?
