

The CPR³ Solution

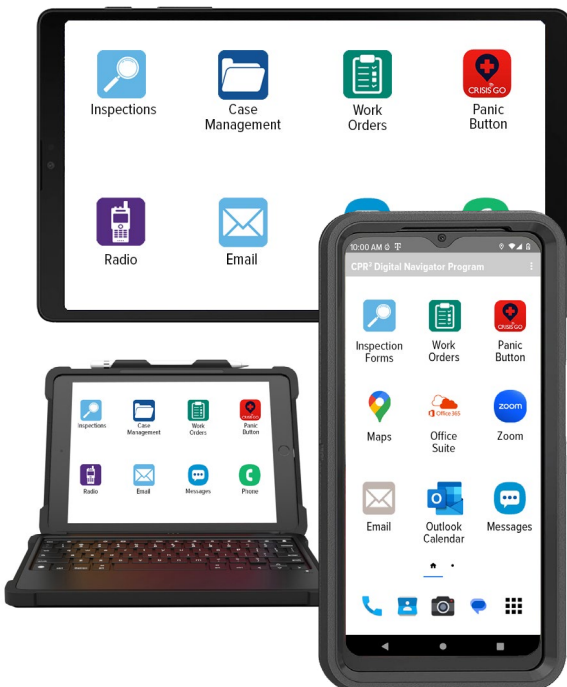

Connecting People to Resources

WE CAN HELP.

CONNECTING COMMUNITIES, EMPOWERING DEPARTMENTS

A **Premier Wireless CPR³ Program** is essential for improving communication and safety while streamlining the inspection process, completing forms, and providing access to other crucial systems, such as panic buttons for lone workers to ensure their safety. **CPR³** devices aid Child Protection Services, the Department of Health, and the Department of Corrections in managing caseloads more efficiently; providing an effective tool for completing forms, work orders, inspections, and enforcing regulations. With the **CPR³ Program**, public safety and health departments can effectively handle emergency responses and health initiatives. For further insights, we invite you to join us at the T-Mobile Roadshow.
