Rugged Keyboard Case

The Extreme KeyCase-X transforms gen 7/8/9/10 iPads for laptop-like typing while protecting them against damage from drops, dings, bumps, and spills; this is our all-in-one KeyCase model, which keeps the keyboard always at hand, with nothing extra to keep track of, nothing to lose. The intelligent design will help reduce classroom hassles, with tamper-proof keys and water-resistant keyboard with integrated channels to drain liquid quickly in spills.

Extreme KeyCase-X w/Smart Connector for iPad 7/8/9/10 (Non-Detachable)

Transforms Ipad Into Laptops

This all-in-one solution protects and transforms Gen 7/8/9/10 iPads, adding the ease of keyboard typing plus rugged protection. Versatile, adaptable, and ideal for any classroom or home office.

Integrated Keyboard

Never wonder where your keyboard is hiding. The X version of our modular KeyCase, this model features an always-attached rugged keyboard, delivering the ease of all-in-one laptop-like typing 24/7.

Productivity Features

Designed to deliver added ease and convenience, the Extreme KeyCase-X keeps your stylus close at hand with a secure, easy-access holder. The integrated kickstand locks securely for steady typing and viewing.

Intelligent Keyboard Design

Drainage channels protect in the event of a spill. Prevent pranks with the tamper-proof key design; designed to resist removal, the Extreme KeyCase-X keys deliver smooth, easy-touch movement while keeping keys securely in place.

Smart, Secure Cover

An industrial-strength magnetic latch keeps the Extreme KeyCase-X securely closed and ruggedly protected during transport. The Smart on/off cover safeguards battery life and delivers quick start-ups.
