LOOKING TO
INCREASE VOICE
ACTIVATIONS?

Premier's CPR3 Program is customizable, providing equity and access to numerous groups by offering internet access, devices, and essential resources to improve their lives.

CPR³ Program for K-12 School Safety

Together, we can improve school safety by using the CPR³ Program, which involves preloading smartphones with emergency response tools and resources, including emergency response plans, floor plans, panic buttons, student information systems, and much more.

CPR³ Program for Adult & Juvenile Reentry

Premier's CPR³ Program for Reentry promotes accountability and communication for justice-involved individuals. With wide-ranging needs for services and assistance in an already complex transition, Premier's CPR³ Program for Reentry helps individuals leaving incarceration overcome barriers and helps foster independence. Learn how a connected device empowers individuals reentering their communities to forge their paths to success.
